

The Discovery

With a rich combination of its worldwide visionary future plans and unique heritage; the Turkish Company TAV Operation Services are ready to discover Latin America with their Chilean Primeclass Pacífico partnership.

Primeclass Pacífico

Andes International Lounge

Situated on the third floor, between gate 17 and 18 of the international terminal of Santiago Airport. We present the most exclusive VIP lounge in Latin America offering an incredible lounge experience. With a combination of modern architecture and luxury services, we are sure our guests will have an unforgettable visit.

Cóndor National Lounge

Situated on the second floor, next to Gate 26 in the national terminal of Santiago Airport, an oasis created for guests to relax and escape before their flight. Open 24 hours a day, 7 days a week, 365 days a year. Designed completely for the comfort of our guests, in a spacious 214 m2 and a variety of preferential services for our guests to enjoy.

Meet and Assist Service

Our exclusive assistance service for passengers who require fast and preferential access at the international airport of Santiago. Our passengers will be in the company of a personal agent and porter who will provide personalized attention from arrival to departure, ensuring that each aspect be as comfortable and stress-free as possible. Primeclass Pacífico also proudly offers clients our VIP drop off and pick up service complete with a luxury car and chauffeur to arrive to and/or from the airport in elegance and peace of mind.
